# About Our Admins/Editors

**Luger359 @**

I am one of the First Admins/Editors of Ram Networks, and the current owner, I am also the owner of Luger's Movie Networks. I have Dark Humor and good knowledge of specific video games like Minecraft. I am also known for making dumb mistakes or decisions. My Favorite games are Minecraft, Red Dead Redemption 2, and Cod Black Ops Cold War. I listen to random music. I am Learning the German And Finnish Languages. Any donation of Pizza or pizza rolls will be accepted. (not asking for any fyi) You can contact me through Slack or Discord(same name as on here).

---

## Song That Represents Me

The Co-Owner of RamWorks. The former owner of Ram Networks and the owner of [Home Desk+](#). I can code somewhat but really like Finding ways to play retro games on the web so much so that I made [EmuNetworks](#). Afterwards, I made a newer version called [Home Desk+](#) we even have A [youtube channel](#) Which I'm tring to get subs on. I'm a proxy war vet. I'm a huge video game and iPod/iPhone nerd. I love 8-bit retro music/Toby Fox music. I'm in choir and (somehow) student council. Email me at [thealt@skiff.com](mailto:thealt@skiff.com).

 The Life Story Of Yesn't

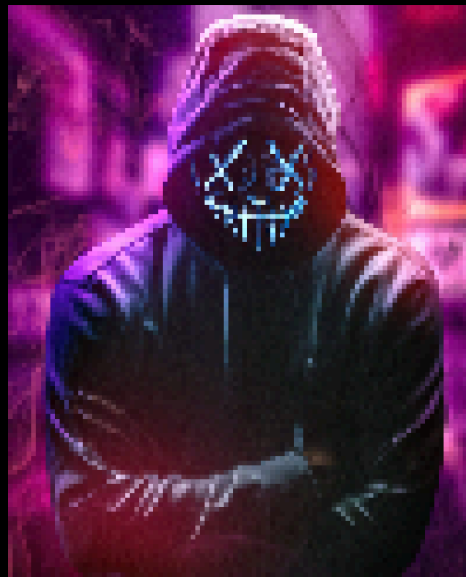

---

**theshmunguss1**

theshmunguss1 (also known as Zach) is the creator and former owner of Ram Networks, and the current owner of RamWorks Development Group. I'm currently helping Gremlin Games and Project HD+. I am in 8th grade right now. A veteran of Proxy War II. I love playing talking about video games, and don't love listening to normal music. Playing MSFS2020 is my new favorite pastime. I cannot code for the life of me. I also have a [Youtube channel](#), but haven't posted yet. I'm working on it! You can contact me at [theshmunguss1@gmx.com](mailto:theshmunguss1@gmx.com) or [@theshmunguss1](#) on Slack.

---

## Ravenchill

The Co-Founder of Glitchquake , Proxy War 1 and 2 veteran, exploit master, and a coder. He is the co-owner of Glitchquake and other vassals, coming up with groundbreaking AI exploits such as Destroyer. He is a direct skilled hacker, who is targeting lightspeed and is also developing a new Glitch reload USB, including his own OS.

---

## Tacobxi

Founder + Owner of [webworks](#) and an editor here (Found this doc at the end of 6th grade.) I am also an admin of proxy net, and I am down to partner with anyone with their own proxy doc. I am working on a new yt channel for me and for webworks + other socials. I am learning to code, doing japanese duolingo, and I suck at math lol. Contact me at [aname1@skiff.com](mailto:aname1@skiff.com). I add links to this. And I love 8-bit music and made a drive with tons of it! I play roblox a lot. my user is TacoBoiWasTaken, add me. If I don't don't accept right away email me and I will accept it.

---

### **Mr.Bossman**

I was doing a lot of helpful human stuff before I became an editor. I hope to better the Ram Networks site and doc with my ideas and work. You can reach me on Discord at [MrBossman....](#)

---

### **Frog\_guy**

I have been here since day 1-3 and got admin later, my classes are fun being sewing and computer science, and it's a good recommendation for you

if you would like to try it out. Some other things I like are video games, spending time with friends and family, and drawing.

---

### Prophet

I have been here for about 1 month. I am one of the new admins. I'm pretty funny but anyway I love games like Zelda, Kirby (Based - Yesn't), and Sonic and I'm so ANGRY THAT TOTK DIDN'T WIN GOTY but it's cool. I'm also the owner of Parallax Networks.

---

### @Camboss

I have been using the site for around 4-5 months now. I have things I can add and contribute to the site to make boring classes more fun.

If you need anything message me on discord (NEWEST ADMIN) -

## Dicklemypickle

Any admins/editors, please take the time to make a bio for yourself. Make sure it has the same format as everything else before you finish, though. Formatting can be found below.

Bio Guidelines:

- No swearing, or offensive NSFW terms. That is it.

Formatting for About Me section (copy/paste):

**Sample Header**

**Sample Text**
